Name of Substitute (Please, print)

Month Incentive Achieved

In order to qualify for this incentive, you must meet the following conditions:

1. You must work the total number of **student attendance days** in the months that contain **15 or more** attendance days (*August and December normally have less than 15 student attendance days and therefore wouldn't qualify for the incentive*)

3. You must have accepted reassignment at the District's request, if necessary

If the above conditions have been met, please list the dates and job numbers of each position you subbed for.
